UCAM
UNIVERSIDAD CATÓLICA
DE SAN ANTONIO

Welcome

Prof. Dr. Maté Sánchez de Val.

Head of the Postgraduate Program in Oral Implantology.

From the Master of Oral Surgery, Implantology and Periodontology we want to welcome you and thank you for the confidence shown in us to have chosen our training program.

The semi-presential modality allows the student to develop a series of theoretical-practical knowledge in a comfortable way and based on the participation of new technologies applied learning.

During the school year, all the subjects that make up the master's degree in implantology will be developed, complementing it with the development of clinical cases and applying all learning procedures based on scientific evidence.

The objective of the Master is to confer a high theoretical-practical training of the student; As well as inculcating the need for the reading of scientific literature. Showing the different techniques of revision, writing and presentation of scientific results applicable to the knowledge process.

Location

Centro Estels. Training Center.

All the **theoretical** classes will be at **Centro Estels**. Headquarter of UCAM in Alicante and reference clinic.

Address: Plaza de Luceros nº15 Bajo izq.

Alicante. Spain.

Zip Code: 03004

Contact person: Daniel. Tlf: (+34) 965145695

Contact person: Dra. Ana Boquete Tlf: (+34) 661 477 229

info@odontologiaucam.com

All the **research activities** will be at **UCAM Campus**

Universidad Católica San Antonio de Murcia.

Address: Campus de los Jerónimos, Nº 135 Guadalupe. Murcia. Spain

Zip Code: 30107

How to arrive

Arrival to Alicante Airport

To Centro Estels. Training Center.

Transfer from Alicante Airport to Centro Estels is 40 minutes by **public bus**. There are bus every 20 minutes. Cost 3,85 Euros aprox

Transfer Alicante - Murcia - Alicante: all the transfer between Murcia to Alicante to Research activities will be organized by the University.

Lunch and Coffees during lectures are included.

Subjects and Content

	SUBJECT	CONTENT	PROFESSOR	MODULE
SURGERY	1	Anatomy: Maxilla and mandible	Salvador	I
	2	Radiology and CBCT	Salvador	I
	3	Infection control, sterilization and surgery hygiene	Ramos	II
	4	Incisions and sutures I	Maté	II
	5	Incisions and sutures II: Advance	Calvo	III
IMPLANTOLOGY	1	Planning and diagnosis	Ramos	I
	2	Types of implants. Anatomy and surfaces.	Maté	I
	3	Drill protocol. Ultrasonic surgery	Maté	I
	4	Implants in 1 time	Khan	II
	5	Sinus lift	Calvo	II
	6	Inmediate implants. Fill the GAP	Maté	III
	7	Short Implants	Calvo	III
	8	Narrow Implants	Maté	III
PERIODONTOLOGY	1	Basic instrumental	Maté	I
	2	Periodontal Disease: Classification	Ramos	I
	3	Periodontal screening and recording	Ramos	II
	4	Advanced periodontal diagnosis	Ramos	II
	5	Periodontal surgery	Vicent	III
	6	Mucogingival plastic surgery	Vicent	III
PROSTHO	1	Articulator	López	I
	2	Patient analysis	López	I
	3	Dental Photography	Carmona	II
	4	Digital Smile Design	Carmona	II
	5	Implants and prosthetics restorations	Khan	III
	6	Prosthetics options	López	III
REGENERATION	1	Biomaterials	Maté	I
	2	Membranes	Maté	I
	3	Xenografts	Maté	II
	4	Synthetics materials	Maté	II
	5	Autologous materials	Maté	III
	6	stratified Bone grafts	Maté	III
RESEARCH	1	PubMed: how to search?	Pérez	I
	2	Scientific Poster presentation	Pérez	I
	3	How to write a research paper.	Maté	II
	4	How to present a lecture	Ramos	II
	5	Clinical cases	Ramos	III
	6	results in research	Ramos	III

Schedule and dates

Module I

February 19th - February 23rd

Module II

July 2nd - 6th

Module III

October 1st - 5th

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
9:00-10:00	SURGERY	BIOMATERIALS	SURGERY	BIOMATERIALS	PATIENTS
10:00-11:00	SURGERY	BIOMATERIALS	SURGERY	BIOMATERIALS	PATIENTS
11:00-12:00	IMPLANTOLOGY	RESEARCH	IMPLANTOLOGY	RESEARCH	PATIENTS
12:00-12:30	LUNCH	LUNCH	LUNCH	LUNCH	LUNCH
12:30-13:30	IMPLANTOLOGY	RESEARCH	IMPLANTOLOGY	RESEARCH	PATIENTS
13:30-14:30	PERIODONTOLOGY	HANDS ON 1	PERIODONTOLOGY	HANDS ON 2	PATIENTS
14:30-15:30	PROTHESIS	HANDS ON 1	PROTHESIS	HANDS ON 2	PATIENTS

Faculty

Prof. Dr. Int. Dr. Maté Sánchez de Val. Senior Lecturer. Head of Postgraduate program in Oral Surgery and Implantology. Co-Director of Bioengineering Research Cathedra. UCAM. Universidad Católica San Antonio Murcia.

Prof. Dr. María L Ramos Oltra. International Dr, Head of Estels Research and Clinical center. Alicante. Professor of Master Program in Oral Surgery and Implantology.

Prof. Dr. Salvador. Prof. of Anatomy. Alicante University. Spain. Plastic and Aesthetic Surgeon.

Prof. Florian Obadan. *Visiting Professor of Implantology. Ucam University. Mastership in Implantology.*

Prof. Khan. *Visiting Faculty Implant training program at MCOADS Manipal and MRADC Bangalore. Visiting Professor of Implantology. Ucam University. Mastership in Implantology.*

Prof. Dr. Int. Dr. Calvo Guirado. Chairman. Head of International Research Cathedra in Dentistry. UCAM.Spain. Head of Implantology. Ucam University. Spain. Head of Postgraduate program in Oral Surgery and Implantology.

Prof. Vicente G. Vicent. Prof. of Periodontology. UCAM University. Spain..

Prof. Dr. Patricia López. Professor of Master Program in Oral Surgery and Implantology. UCAM. Specialist in Prosthodontics.

Testimonials

"With the Master of Oral Surgery, Implantology and Periodontics I have learned all the theoretical and practical bases for perfecting my daily practice".

"A theoretical content based on the latest scientific advances that allows you to advance your knowledge in a fluid and updated way".

"The practical part of mucogingival surgery has given me new techniques to improve the aesthetics of implantology in my patients".

"The explanation of new materials in implantology has opened a whole new therapeutic range".

"A very complete master in which I have known all the new details about bone regeneration".

Reservation and payment

Total Master Cost: 12000 Euros.

Reservation: 4000 Euros must be paid before the end of December.

1st payment: 5-9 of February. 4000 Euros.

2nd payment: 11-15 of June. 2000 Euros.

3rd payment: 17-21 of September. 2000 Euros.
